ORACLE 1985

WAKEFIELD HIGH SCHOOL WAKEFIELD, MASSACHUSETTS

PRINCIPAL'S MESSAGE

To the Members of the Class of 1985 – a very special greeting to a very special group – $\,$

With every age there is a stage of life The high school years are one Where special and good memories may be formed Along with success and some failure learned

We would never like to leave the friendships formed So early in our years, but they will keep Or leave the familiar halls, so warm, complete In our feelings a friendly place to be

But move on and find new people to help And tie the bonds of common interest New friends and places, new images and faces Create rich blends, stimulate new thoughts

What talents should you possess - What decisions to make How do you make a life for yourself - Where to begin What facts to consider - What truths to understand Are you ready for the jump - Change is our fate

Aim for the mark - Point the barrel at your goal Find the courage and respect to march onward The energy of Youth finds few hills too tall To climb and conquer

Best Wishes to the Class of 1985 for a happy, successful, and meaningful life.

Sincerely,

Raymond U. Osbome

Principal

ORACLE DEDICATION

Ms. Virginia Brodeur

Ms. VIRGINIA BRODEUR

What more can we say? Mrs. Brodeur, we are dedicating our book to you, because you are great! All we can give to you is our thanks, but you have given us the best gifts of all, your knowledge, positive attitude, and support. As a teacher, you are willing to give above and beyond what is required, and as a friend, you are the best one a student can have. Thank you so much.

A teacher affects eternity; she can never tell where her influence stops.

SPECIAL RECOGNITION

MR. OSBORNE

Mr. Osborne, our dedicated class advisor, has supported our senior class for the last four years. He has unselfishly given up much of his time and talent to raise money for the class of 85. We greatly appreciate his efforts. Thank you, Mr. Osborne, for everything you have done for us.

MR. MARRS

Mr. Marrs, thank you for your dedication in making biology so interesting. Your sense of humor and warm personality always lifted even the lowest spirits into smiles. Your down-to-earth attitude helps to create an enjoyable atmosphere for everyone. Even those of us who were not fortunate enough to have you as a teacher will always remember your warm smile.

SPECIAL RECOGNITION

MR. DUFF

Mr. Duff- A dedicated math teacher and coach to us all. The class of '85 would like to express its appreciation for your devotion to us throughout these four years. You have been not only a teacher, but a friend. Thanks for all you have done. We will always remember you!

MR. MCAULIFFE

For the past three years the twenty-six students in homeroom 2309 have enjoyed greeting Mr. McAuliffe, our ever-popular homeroom teacher, every morning. Mr. McAuliffe proved to us that homeroom was more than just an adventure; it was a challenge . . . to make that 7:50 bell. Mr. McAuliffe is a dedicated teacher, but most of all, a friend to everyone.

JODY ANN JOHNSTON 1967-1980

JODY

Because we all love you, The sorrow is still here, Cries and tears were many, A pain we all have shared, An Easter made for you my friend, The day you were to leave, God has come and picked a rose, And left us all to grieve, Our hearts are now cringed with pain, But I guess it had to be, We realize where you are is such a better place, The memories you left us with, Are here for us to keep, Even though they say your gone, To us your just asleep, Not so soon the pain will die, And love will take its space, So I say for all to hear, And maybe bring a smile Just knowing that you're up above, Makes life seem more worthwhile

Look up in the sun's eye and give What the exultant heart calls good That some new day may breed the best Because you gave, not what they would, But the right twigs for an eagle's nest!

When I applied to AFS, I had many expectations about coming to the US. All of them have come true and I am glad I was able to come here. This year will probably will influence my whole life because of my family here and the friends I've made.

Because of the many things I had to face I learned a lot about about myself and I began to appreciate both my country, Chile, and the United States. It's hard to be away from Chile for a whole year, but I'm sure it's worth it.

Thanks to AFS, my family, and Wakefield for this opportunity.

Karen Melanson

AFS gave me the chance to learn a little and grow alot. It gave me the opportunity to experience a new culture, a new language, and different customs that were foreign to me. Going to Portugal meant putting myself into trying situations and having to deal with them. Living with a foreign family taught me how to give and receive in new relationships. (And finally getting the sister I had always wanted was great!) I am grateful to have had a new family and friends, and all the wonderful memories that will last forever. Thanks AFS and to all who made my trip possible, it was a priceless experience.

Clare Hartman

PARAGUAY-Going to a foreign country, having a new family, meeting new friends, and learning-that's what AFS is all about, putting students in situations where they have to be independent, outgoing, and daring. Being and going to Paraguay was the best experience of my life. Although dealing with a new family with different customs than yours, and trying to meet new friends who don't speak the same language you do is difficult and scary, they have given me memories, friendships, and a fantastic new family that will be a part of my life forever. Thank you to everyone who helped and supported me.

Gustavo Rodrigues

My experience in Wakefield was very good. Many of the best days were spent with the AFS Club. We had meetings, field trips, and parties. The most important part of all I did was meeting people. I want to mention my American family who have been very nice to me, my father Ray, my mother Peg, my good brother Larry, and my sisters Carolyn and Beverly. I will never forget all they did for me and the good times we had together in Maine.

FOOTBALL

Altough the football team ended its season with a losing record, a new spirit was brought to the program by the new head coach Bob Connors. The season, ending with a thrilling game against Melrose, leaves excellent prospects for the future. With the great attitude and strong leadership of the captains, Biz, Sean, and Jim, the team maintained their positive outlook. Special thanks to the coaches.

SOCCER

Before the season had started the Warrior soccer club was expected to place fourth of fifth in the league, and after a 4-1 deficit at the halftime of the first game, it looked like the predictions were going to be correct. However, the Warriors re-bounded to tie that game 4-4 and carried that emotional spirit throughout the season as they won the Middlesex League Championship and advanced to the semis of the States.

GOLF

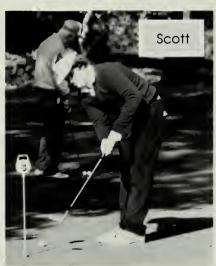

With a 5 and 6 record, the 84 Golf Team showed that Wakefield is on the rebound. With an easier schedule the record might have been even better, because the team had to play four "away" matches in a row on difficult golf courses. Nonetheless, most of the team returns in 85, so there is real cause for optimism about the prospects for the first winning season in many years.

BOYS BASKETBALL

The W.H.S. hoop team went into the 1984-'85 season with heavy graduation losses. But Coach Lane's Warriors were able to overcome their inexperience and compete successfully with the top teams in the Middlesex League. The Warriors were led by captain David Johnson and seniors Brian Bisacre, Reggie Boyd, John Crouse, Steven Majeski, and Jeff Broadhead.

Front Row (L to R): J. Broadhead, J. Crouse, B. Bisacre, Capt. D. Johnson, S. Majeski, R. Boyd, Mgr. P. Gannon. Back Row: J. Razzaboni, G. Squires, R. Phipps, K. Lucey, R. Motroni.

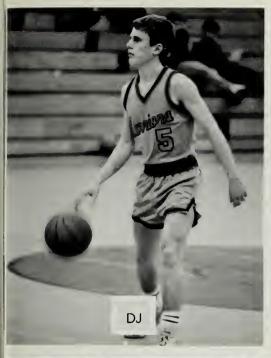

GIRLS BASKETBALL

The girls basketball team had a very young team this year, lead by only two seniors, Capt. Mary Plansky and Debbie Cronin. Even with the inexperience, the team was able to pull off some wellearned wins with the hard work and determination which was characteristic of the girls hoop team of 85. Our excellent center, junior Martha Sydlowski, along with the young talent already on the team, should provide next year's hoop team with an exciting new beginning.

This year's 1984-1985 Warrior hockey team, under direction of coach Dave McCarthy, skated its way to a 14-4-2 season and it's second straight State Tournament berth. Led by Captain Dennis Melanson and Seniors Mike Foley, Britt Levine, and Rob Post, the Warriors beat previously unbeaten Watertown 5-2, enroute to an 11 game win streak. Though hampered by key mid-season injuries, the Warriors pulled together and made it to the finals in Boston Garden. This was one of the best seasons in sone time for Warriors hockey.

The boys were led by captains Rich Conrad, Tom Beasley, and Dan Parish, as well as seniors Stephen Lombara and Juan Donabedian. Senior co-captains Susan Merrill and Stephanie Ferrin displayed supportive, persistant, and exemplary leadership, thus, contributing to the teams' overall unity and pride. Further progress and success is in store for the girls next year.

Outstanding performances were made by Bob Buckley, finishing third in the league in diving: Ted Simkins, finishing tenth in the 50 and 100 yard freestyle: and Matt Buckley and Kerry Crowell, who went on to the sectionals to achieve their best times. ORACLE 1985

The Oracle is indebted to all those persons who contributed any amount of their time to complete it. A few people deserve additional thanks and special recognition because of the outstanding jobs they did. The Oracle thanks them most sincerely for doing more than their share to make the 1985 yearbook a success.

RICH CONRAD... Editor of Senior Section, the last write-up to to be turned in. Has bevy of slave-women typists but isn't a male chauvinist. "What do you mean we're missing 47 pictures?"

KAREN LOFGREN . . . The ultimate in camera-shy . . . Assistant to the Editor and Class Will Organizer. "Don't panic. It's here somewhere."

They were happy children.

MRS. BEHERRELL . . . The only calm person at Oracle, Deserves special thanks for putting up with the bizarre moods of the editors.

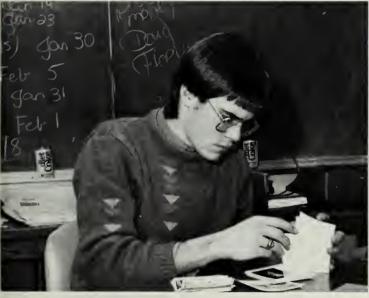

Karen Hubbard (Girls Sports), Andrea Perra, Ann Bode

ANDREA PERRA . . . ''Frailty thy name is NOT woman!'' Official Messenger and Telephone Campaign Coordinator. ''I'll call you out of class before she passes out the test.''

The Oracle holds the world record for the greatest number of Diet Cokes consumed in one afternoon.

DAN PARISH . . . ''Dan the Man'' He has trouble remembering the alphabet, but if he says it out loud, he'll be fine.

JAY LODICO . . . Secretary of Treasury and Exalted bill Collector. Missed every Oracle picture he was supposed to be in. "I don't have the \$950. Don't you?"
